

CLAYBROOK NEIGHBORHOOD NEWSLETTER JANUARY 2005

NOTICE

Monday, January 17th is a national holiday. This is a reminder our trash & recyclable items will be picked up one day later than usual. – Our pick date will be Thursday, January 20th.

The next public meeting on the Maplewoods Parkway Alignment Study is scheduled for January 18th from 5:00pm to 7:00pm in Maplewoods College Campus Center main dining room. Questions? Contact Dennis McMan at 816-513-7625.

Home Association's early pay plan was a great success as 93% of our members took advantage of it. If you are not one of these members please make a check for \$100.00 to Claybrook Homes Association and send it to 7808 N. Norton Court, Kansas City, MO 64119.

67 of our members filled out the update form with 32 adding their email address. We will use this information for our new phone directory. If you change your phone numbers or email address during the year, please send your new information to Chuck Weber at 468-9389.

We encourage all who have an e-mail address to contact Mark Rafler at 913-208-1384. This is another tool for us to keep you informed about things going on in the community. Good or Bad.

Our community is split between Kansas City and Gladstone. If members wish to know about events in either city you can go to there web sites. Kansas City's web site is: www.kcmo.org Gladstone's is: www.gladstone.mo.us Go to hotlinks for all information.

LOST CAT

One of our neighbors, Todd & Christy Schram lost their family cat.

Name: Willie

Color: Dark Gray

Age: 7 months

Short Hair

He's been missing since around January 4th right before the ice story. If you have seen him, please call Todd or Christy at 468-9126 or notify us at 7704 N. Mersington Avenue. Thank You

PROBLEMS WITH ANIMALS IN OUR NEIGHBORHOOD

It has been brought to the attention of the Board the neighborhood is having problems with barking dogs. We all know that dogs will bark when people walk by or other dogs are running loose in there yard. But when dogs are put in the yard and they bark CONTINUOUSLY, this becomes a problem with others. If this is a problem with your dog please take care of it before it becomes a problem for the whole community.
