**GETTIN' READY FOR SPRING**

*It's never too early to start thinking about spring!*

Spring and summer are always a busy time for the Architectural Control Committee with a high number of fence applications – house painting – landscaping – etc. If you are starting to plan a spring or summer project, don't forget to submit your application for approval. Please contact any member if you need an application or have questions about a project.

**SPRUCING UP THE ENTRANCES**

Beth Houlihan has been hired to transform & maintain the area around our entrance signs. (She also maintains the flowers around the Happy Rock signs.) You will see her out there throughout the next couple of weeks sprucing it up and making it a welcoming sight. She will do the weeding and maintenance but we will need to take care of keeping the flowers watered. A committee member will be contacting each of the homeowners where the signs are located.

You will also notice that there is now a light on Old Glory at the 79<sup>th</sup> street entrance. Looks great! A light on the flag at the 77<sup>th</sup> street entrance will be coming soon.
