

Neighborhood News

September 2010

We have had a quiet Summer, (other than barking dogs), in the neighborhood.

NEW BOARD MEMBER

Craig Leeds was recently elected to our neighborhood board of directors and will also serve on the Architectural Control committee. We appreciate his involvement in the neighborhood activities. Craig can be contacted at 278-1943 or at craigleeds@gmail.com. He is also in charge of the website, www.claybrookkc.com. This site contains a lot of valuable neighborhood information.

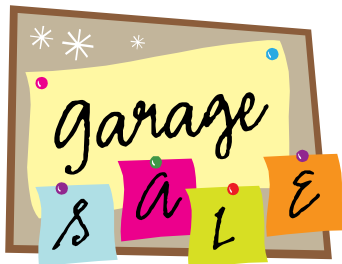

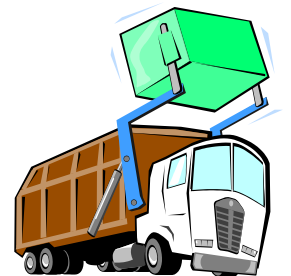

VEHICLE BREAK-IN

A window was broken and a laptop computer taken in the neighborhood last week. Several area break-ins have occurred due to garage doors being left open. In one instance, a door left open (1) foot for cats or ventilation allowed intruders access to the home.

We have a new email address for the Architectural Review Forms. Please send all requests to arch.review@claybrookkcmo.com

Dumpster Date.. October 23rd

We will have (2) dumpsters in the area on that Saturday. One will be for brush and the other for bulky items.

Fall Dates..

Friday & Saturday
October 1st & 2nd

BARKING DOGS..

It's still an issue at several households. If it continues, please speak to the neighbor first. If this does not work, call the Kansas City Action Center @ 513-1313 and give them the exact address. Animal Control will follow up. If this action fails, arbitration can be arranged. This could lead to a fine of \$75.00 to \$500 being assessed

Ideas or Suggestions! Give any board member a call or email the board at board@claybrookkcmo.com.
